

母座 (Socket)

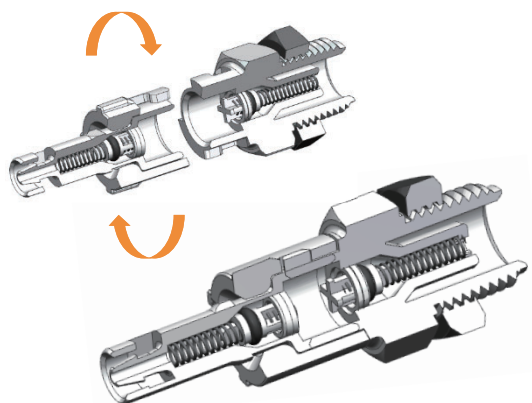

下图为母座内部结构

(The following figure shows the internal structure of the socket)

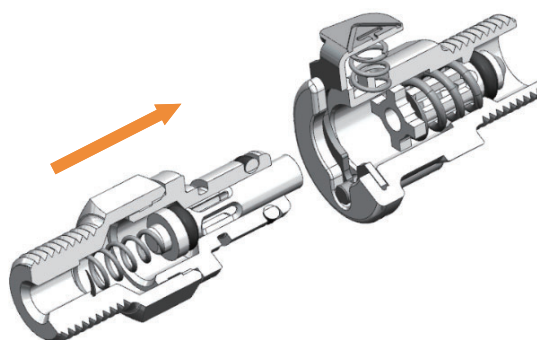

微型扭锁技术

Micro Twist Lock Technology

金属插销技术

Metal Bolt Technology

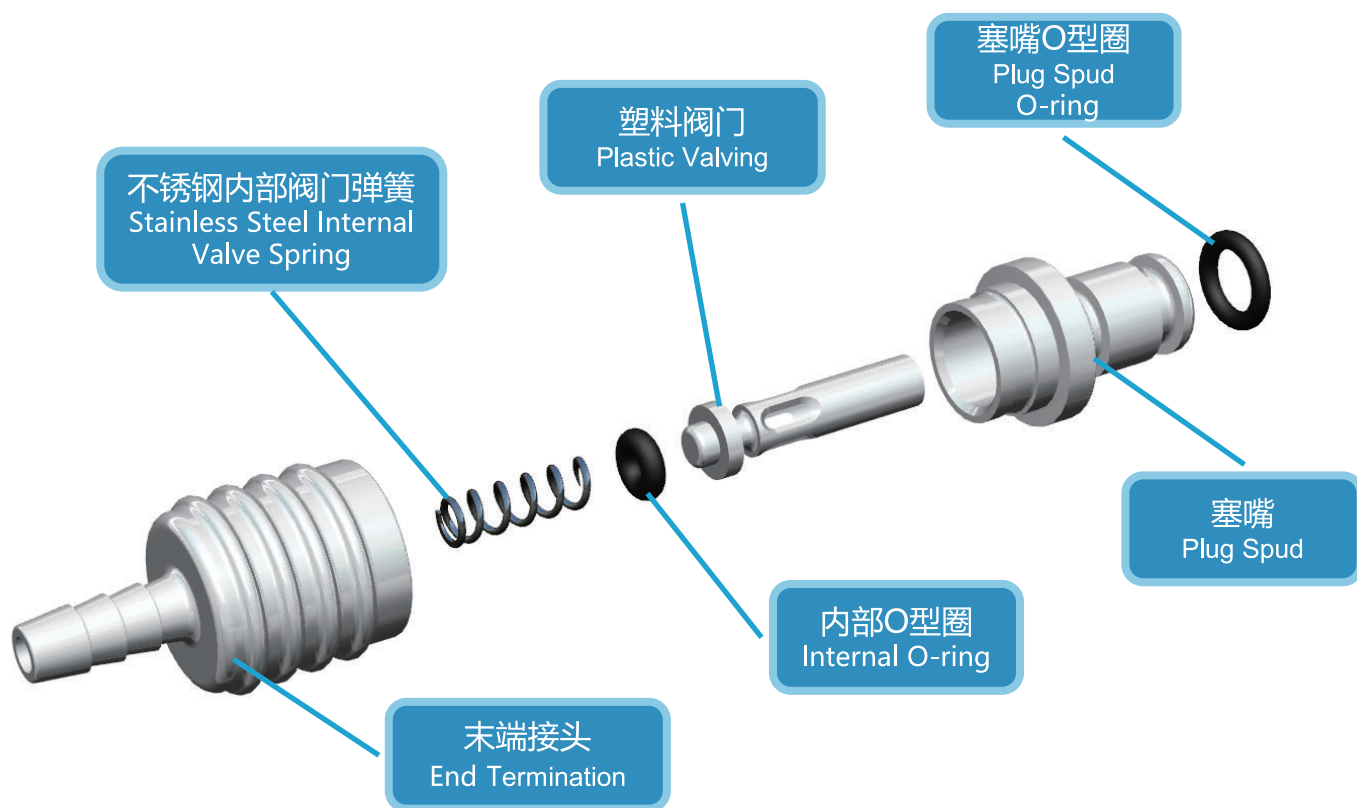

公 插 (Plug)

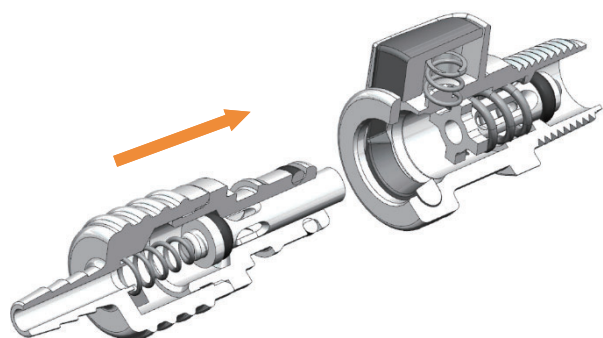

下图为公插内部结构

(The following figure shows the internal structure of the plug)

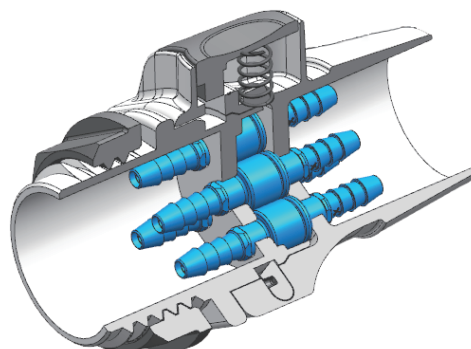

塑料锁扣技术

Plastic latch technology

多端口技术

Multiport technology

产品特色

Product features

流量大小 (Flow size)

1/16 流量 (Flow)

1/8 流量 (Flow)

1/8 流量 (Flow)

1/4 流量 (Flow)

1/4 流量 (Flow)

3/8 流量 (Flow)

材料及颜色 (Material and color)

聚甲醛(POM)

Acetel(POM)

颜色(Colors)  

聚丙烯(PP)

Polypropylene (PP)

颜色(Colors)   

黄铜(CU)

Chrome Brass(CU)

颜色(Colors) 

不锈钢(SUS)

Stainless Steel (SUS)

实物及样色

应用及优势 (Application and advantages):

本公司产品同系列可交叉使用，增加应用场合的多样性用途如下：

The same series of our products can be used interchangeably to increase the diversity of applications, as follows:

- 喷墨打印 (Inkjet printing)
- 防寒服 (Winter clothes)
- 照片开发 (Photo development)
- 血压袖带 (Blood pressure cuff)
- 气相色谱法 (Gas chromatography)
- 粒子计数器 (Particle counter)

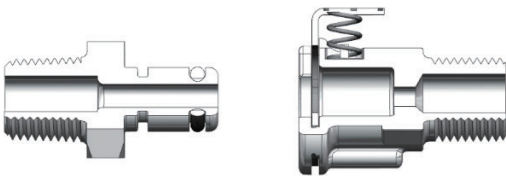

内部截止阀 (Internal Shut-off Valves)

内部有无阀体均可交叉使用如下：

Both internal and external valve bodies can be used interchangeably as follows

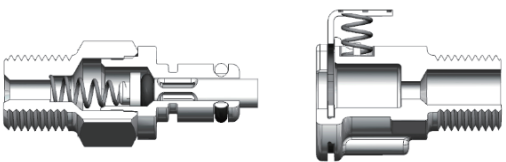

无阀公插和无阀母座

Non-Valved Plug & Socket

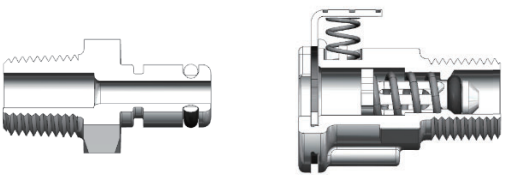

有阀公插和无阀母座

Valved Plug & Non-Valved Socket

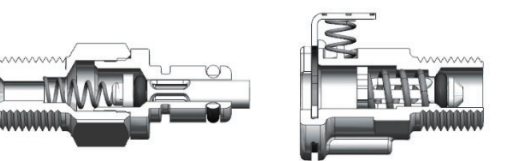

无阀公插和有阀母座

Non-Valved Plug & Valved Socket

有阀公插和有阀母座

Valved Plug & Socket

终端连接方式 (End Terminations)

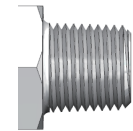

本公司产品能以多种对接形式连接管道

Our products can connect pipes in various docking forms

管螺纹式 (Pipe Threads) :

可提供外螺纹或内螺纹锥形和直螺纹 NPT、BSPP、BSPT 和 SAE，请联系我们了解非标准螺纹要求。

Available in male or female tapered and straight, NPT, BSPP, BSPT and SAE. please contact us for non-standard thread requirements.

倒钩式 (Hose Barb) :

用于低硬度管道，如PVC、聚氨酯、硅树脂、橡胶等。

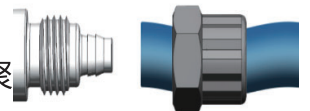

For use with lower durometer tubing such as PVC, Polyurethane, Silicone, rubber, etc.

快拧式 (Ferruleless Polytube Fitting) :

用于半刚性管道，如聚乙烯等尼龙、聚氨酯、聚丙烯等。

For use with semi-rigid tubing such as polyethylene, nylon, polyurethane, polypropylene, etc.

快插式 (Push In) :

用于半刚性管道，如聚乙烯等尼龙、聚氨酯、聚丙烯等。只需要将管道推入即可进行连接，不需要螺母压缩。

For use with semi-rigid tubing such as polyethylene, nylon, polyurethane, polypropylene, etc. Simply push tube in for connection. No compression nut required.
